June 25, 2015

To Whom It May Concern:

This letter is written in appreciation of the efforts and work put in place by Galan Enterprises and their employees throughout their involvement in the William P. Hobby Airport International Expansion project. As the General Contractor, HP|CBIC had the opportunity to work with Galan as they performed the place & finish and horizontal formwork scopes for this 5-gate terminal expansion.

Galan Enterprises upheld all commitments made to ensure their scope of work was performed safely, professionally, and with a high standard of quality. Galan was engaged from start to finish, and always presented responsive and timely solutions from challenges that arose. Their inclusion in this project was an asset to its success thus far. HP|CBIC would be happy to work with them again in the future.

Should you have any questions or comments, please contact the undersigned at 713.401.9049.

Sincerely,

HENSEL PHELPS | CBIC JOINT VENTURE
