Re: Gralan Enterprises, Inc.

To Whom It May Concern:

This letter will serve as a recommendation for Gralan Enterprises, Inc. for your turnkey concrete projects. Gralan has completed several projects for Linbeck Group, LLC, and we have always found Gralan to be highly responsive to our project needs and schedules.

Gralan's forces work with a high degree of professionalism, attention to detail and have always produced high quality workmanship. When project or weather conditions have impacted their work schedule, Gralan's teams have always been flexible in working around those conditions to keep our projects on schedule.

I must also cite the work ethic and attitude of Gralan CEO/President Grace Alvarado Landry. Ms. Landry has always devoted a great deal of personal attention to our projects, ensuring that our project needs are being met and that corporate commitments are being achieved on our projects. She has also instilled this same high sense of customer satisfaction in her field staff. It has always been a pleasure working with Ms. Landry.

In summary, I would highly recommend Gralan Enterprises, Inc. on your next project.

Respectfully,

A handwritten signature in blue ink, appearing to read 'R.S. Wight', is written over a faint, larger version of the same signature.

Robert S. Wight
Senior Vice President
